Located in the heart of Luxembourg City's European quarter, the four-star Novotel Suites Luxembourg is a suite-only hotel where guests are always made to feel right at home. New for 2019 are five stunning deluxe suites with an arty, personalised touch.

Novotel Suites offers travellers spacious, comfortable and modern suites which are ideally equipped for either short or long stays. They have all been recently renovated and include a living room space, bathroom with large bath and shower, and kitchenette.

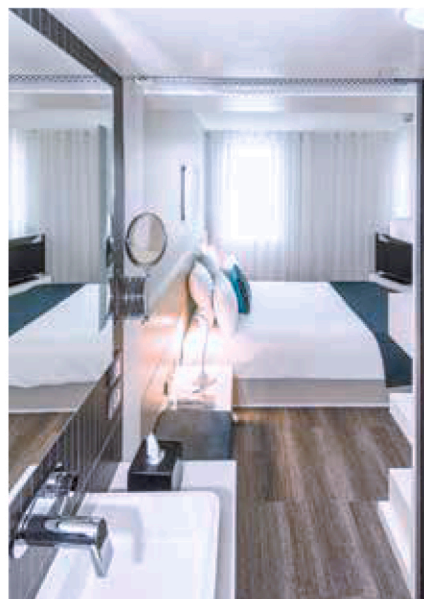

Personalised deluxe suites

The recently renovated hotel also offers five deluxe suites, which were completed

earlier this year and each with their own style and colour for a truly personalised experience. Will you go for pink, blue, aqua, yellow or Sienna?

"Each of these five suites have their own identity and have been conceived to ensure guests feel at home," explains general manager Sonia Zaied. Extra touches include a comfortable sofa in the relaxation area, a coffee machine, and free minibar. The deluxe suites also boast a large shower with an aromatherapy diffuser and a workspace for business travellers.

Guests benefit from the latest technology to ensure they stay connected, such as a large television, bluetooth speakers and a desk with built-in phone charger.

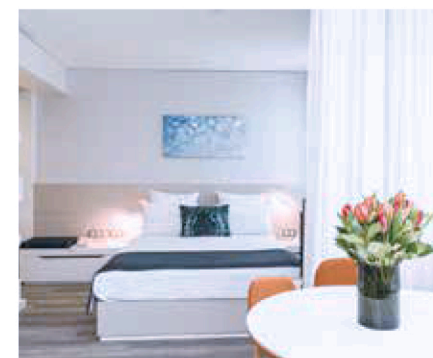

Art aficionados

Inside each of the five deluxe suites you will find works of art from a range of talented artists such as Frédérique Bouet, Michaël Cailloux, Jean-Michel Letellier, Miki Nakamura and Valérie Belmokhtar, including photography, wall-mounted sculptures and engravings. Gallery owner Nathalie Béreau decorated the deluxe suites to complement the artists' work and create a stylish, individual aesthetic.

Superb location

Due to the hotel's location in the business quarter of Kirchberg, close to the European institutions, Novotel Suites is a popular choice with business travellers during the week. However, during weekends and bank holidays, leisure travellers can make the most of the hotel's close proximity to the airport and city centre. Guests can enjoy a pleasant 20-minute stroll into the centre, or hop on a bus or tram and be there in a matter of minutes. "The tram stop is conveniently located at the foot of the hotel," points out the general manager.

The cultural delights of Luxembourg City await, with highlights including the modern art gallery MUDAM, the prestigious Philharmonie Luxembourg concert hall

and the charming Grund quarters by the Alzette river.

Gourmet delights

Guests at Novotel Suites can start the day with a delicious cold and hot buffet and continental breakfast. Ingredients vary according to the seasons, with an emphasis on high-quality, local produce.

There is also the 'Boutique Gourmande' for when you desire a tasty treat and a cosy hotel bar for enjoying a cocktail. After a busy day, why not relax on the hotel's beautiful outdoor terrace with a Mojito made using the hotel's freshly grown mint?

If you are peckish, choose from a range of salads and homemade paninis, not to mention delicious pizza and pasta dishes. And if you want to chill in the comfort of your own suite, room-service awaits.

In the mood for a workout instead? Facilities at Novotel Suites include a well-equipped fitness room which is open 24 hours per day.

Unique services

Staff at Novotel Suites are always prepared to go the extra mile, and this is

reflected by unique services such as Smart car loan. Available upon request for guests staying four nights or more, it allows them to roam around the city on four wheels at no extra cost.

Another great benefit is the free 'am-ma-assis' massage service, which is provided every Tuesday evening in the lobby.

Putting the client first

A warm welcome is guaranteed at Novotel Suites, with the team doing their utmost to ensure guests feel at home. "We always go beyond classic hotel customer service," smiles the general manager. "The client is at the heart of everything we do. From the moment guests check in, we provide a personalised service."
